

GREENLAWN SOD & TURF

Next 2 Natural Turf™

Natural Putt

Expertly designed and engineered for putting green and bocce ball applications.

Live Where You're Living™

Next 2 Natural Turf™ Natural Putt

Need to shave a few strokes off your game? Let us install Natural Putt in your backyard. You will be turning heads and not because you are yelling fore! Natural Putt is deep green in color and is meant for putting greens and bocce ball courts. We can adjust the turf's infill so you can decide how you want the ball to roll. Trimming this turf with one of our longer fiber turf products gives you a realistic look and a fringe from which you can chip.

Worry-free

No mowing or watering to maintain the perfect playing surface.

Low Maintenance

It does not require chemical treatments or fertilizers to maintain its health.

Durable

Our specially formulated turf options feature premium manufacturing materials for superior looks and increased longevity.
